3. NEW PROJECTS DURING WEEK. None.

4. ITEMS OF ADMINISTRATIVE INTEREST.

a. Chief STS/ATB departed on leave 21 May 53. He instructed the undersigned as follows prior to departure:

25X1A9a

(2) To confer with Lt Col [REDACTED] relative to taking orders from the new Deputy Commander or from the Colonel himself (see MH-300).

(4) Advised that official mail will be addressed to the undersigned during his absence.

25X1A2g (5) Advised there is a possibility the agreement between [REDACTED] which expires 30 June 53 may be extended or renegotiated and copy sent to this office.

25X1A9a (6) Advised that orders will be cut for the undersigned to depart on or about 30 June 53; that orders for [REDACTED] are still uncertain; that the General had 25X1A2g "sold a bill of goods" to D [REDACTED] on C STS/ATB's future affiliation with this unit; and that he would decide 25X1A2g between that, a similar activity with the Navy program or terminating his [REDACTED] affiliation upon return from leave.

b. All equipment other than safes, typewriters, table and chairs and some minor items has been crated by Mr. [REDACTED] 25X1A9a and is ready for shipment. Crated items are stored in a building 25X1A9a belonging to [REDACTED] several people have access to this building but none of the items is classified. Other items are stored in the basement of my residence by agreement between C STS/ATB and the landlord.

25X1A9a c. Mr. Atteberry will assist in the academic phase of the 25X1A9a next class under Mr. [REDACTED], Field Commander, prior to going on leave 5 June 53.

d. A telephone call placed to C ATB/TR(S) from Boise on 21 May 53 is covered in MH-300. It is pointed out that telephone communication to [REDACTED] is insecure due to party lines 25X1A6a and penchant of local operators (one of whom is married to an airman) to listen in.

25X1A2g e. Due to insecure conditions of space presently assigned to [REDACTED] personnel, I plan to conduct official correspondence from my residence; it may be advisable to transfer the safe containing our records there.

25X1A2g f. A set (3) of Personal History Statement forms with Appendix of subversive organizations and instruction sheet spelling out [REDACTED] connection was found in the safe this date. Is it your wish that these be given to Lt Col [REDACTED] 25X1A9a for completion and forwarded to you as requested by C STS/ATB? It is my feeling that this matter should be handled by someone other than myself.

g. It is anticipated that you will have definite word on my departure date by 28 May 53 so that moving arrangements may be completed.
